MCX

MCXP App:

The MCXP App allows users to invest in selected real estate etc. investments and reinvest their returns in MCXP tokens to increase the value of the token. Additionally, the MCXP App allows users to share their real estate etc. ideas for community approval.

The MCXP App presents real estate etc. investments identified by professional investment advisors for token holders to vote on. Investors can decide which projects to invest in by voting through the MCXP App.

Liking other users' projects in the MCXP App will be free, but voting will require a small amount of MCXP tokens. This amount will be updated depending on the token price.

MCX

Reward Pool:

The MCXP App offers a reward pool for the owners of community-voted projects. This allows token holders to appreciate the investments of other users and encourages community participation.

Real Estate Investments:

MCX Partnership invests in community-selected real estate etc. investments using MCXP tokens. Real estate etc. investments are reviewed by MCX Partnership, and if no issues are found, they are purchased and added to the portfolio.

MCX

Conclusion:

MCXP enables users to invest in selected real estate etc. investments and allows for reinvestment of returns to increase the token's value. The MCXP App facilitates community-voted real estate etc. investments through MCX Partnership and offers rewards to the owners of selected projects. MCXP token holders can earn returns through staking and increase their investment returns by reinvesting.
